CONTENTS

Gurzhiy A.M., Kartashova L.A.
Problem Of Succession Training Information Technology In School And Higher Educational Establishment 11
Bykov Valeriy, Shyshkina Mariya
Institute of Information Technologies and Learning Tools of the National Academy of Pedagogical Sciences of Ukraine 19
Gurzhiy A.M., Lapinsky V.V.
Electronic Educational Resources As A Basis For The Modern Learning Environment Secondary Schools 30
Gurzhiy A., O.Ovcharuk
Discussion aspects of information and communication technologies competencies: snternational approaches and ukrainian prospcts 38
Еремеев V. S., Kusminov V. V. 44
Statistical Analysis Of Pedagogical Experiment In Case An Unknown Distribution Function 44
Kudin A.P., Karhut V.Y.
Multimedia Learning Methods In The Study Of Theoretical Mechanics 52
Mazurok T.L.
Usage Of Intellectual Technology For Automatization Of Teaching Control 60
Seidametova Z., Seydametov G.
Teaching Cloud Computing For Software Engineer's Students 74
Alexander Spivakovsky, Sergey Tityenok, Dmitry Berezovsky, Yana Storozhuk, Alexander Litvinenko, Nataliia Klymenko 83
The problem of architecture design in a context of partially known requirements of complex web based application "ksu feedback" 83
Sherman M.I.
Academic discipline "Electronic document and data protection" as part of the formation of a professional computer-information competence of masters of public service 96
Bakhmat N. V.
Application Of The Clond Technologies In The Process Of Studying. The Cycle Of Professionally Oriented Humanitarian, Social And Economic Preparing The Future Pvimary School Teachers 103
Bryantseva Anna
Design visual component slides for teaching computer presentations 112
Voropay N.
Informative-Communication Technologies As Mean Of Forming Of The Self-Educational Competence Of Future Primary School Teachers 119
Zadorozhna N., Petrushko B., Tukalo S.
The Information System As A Tool To Manage R&D At The National Academy Of Pedagogical Sciences Of Ukraine 129
Zaporozhchenko Yuliya
Use of ICT to improve the quality of inclusive education 138
Zeleniak O.P.
Geometry With A Computer? 146
Kilchenko A. V.
Construction of conceptual model of information system «scientific researches» at naps of ukraine 158
Kobets V.
Formation of professional competence of students by means of practically-oriented interactive learning 168

Kruglyk Vladyslav
Semantic e-books and features of their implementation 179
Litvinov S.
Evaluation Criteria Local Electronic Educational Resources 185
Plish I. V.
Cloud Technology As A Component Of IT For School 192
Regeylo I.
Cross Curricular Links In Teaching Computer Science And Synergies Pedagogical Impact... 198
Salnyk I. V.
Using of information and communication technologies in teaching physics of students nonphysical specialties of pedagogical higher educational establishment 204
Samchinska Y.B., Vinnyk M. O.
Educational Software Promotion And Distributionon The Ukrainian Market 210
Spivakovska Y.A.
Use Of New Information Technologies In Students’ Studying Of English Language 221
Tychonova T.V.
Didactic Engineering Of The IT-Discipline’s Content Of Pedagogical Education 229
Alferova L.M.
Стратегічна інформаційна система побудови зворотного зв’язку у вищому навчальному закладі 234
Demianenko V., Kalnoi S., Stryzhak O.
Ontological Aspects Of Constructing E-Script Support Of Scientific Pupils Researches Of Minor Academy Of Sciences Of Ukraine 242
Didukh L.
Formation Of Readiness To Future Rescuers’ Professional Communication Of State Service Of Emergency Situations 249
Kozlovskiy E.O., Kravtsov H.M.
Resource Of Training “Wiki-Document” In System “Kherson Virtual University” 255
Kushnir N., Manzhula A., ValkoN.
Strategies To Develop Modern Course For Future Teachers: Person-Centred Approach 263
Malitskaya I.
Virtual Communities As Innovative Educational Environments In The Systems Of Education Of Foreign Countries 276
Potiienko Valentina
Description criteria forming of high school students’s art-graphics culrure 284
Rackovych A.
Psycological And Pedagogical Aspects Of Using Computer Simulation In Teaching Of Planning And Analysis Of The Experiment 289
Tataurov V. P.
Models Of Learning The Basics Of Informatics In Primary Schools And The Means Of Their Implementation 298
Shelud’ko V.
Methodology Educational Process Organization Of Future Magistra Teacher Education On The Example Of The Course «Information Technologies In Science And Education» 304
Shyshkina M. P., Kogut U. P.
Fundamentalization Of Ict Learning In Modern High Tech Environment 309
Information about authors 318
Summary 327
