

CONTENTS

<i>Spivakovskiy A.V.</i> Peculiarities of IT Management at Institutions of Higher Education.	9
<i>Nikitchenko N.S.</i> Teaching Theory of Programming: Methodology and Basic Notions.	16
<i>Vladymyrova M.V., Spivakovskiy A.V., Zaretskaya I.T., Zholtkevych G.N.</i> On Issue of IT–Specialists’ Training in Classical Universities	22
<i>Lvov M., Peschanenko V.</i> The Adoption of the Training Plan of Bachelor Specialty “Informatics” of the Kherson State University to the Computing Curricula (CC).....	30
<i>Lvov M.S.</i> About Organizing Practical Training of Future Specialists at Scientific and Research Institute of Informational Technologies of Kherson State University.	35
<i>Kravtsov H.M.</i> Quality Monitoring System of University Electronic Information Resources.	42
<i>Sharko V.D.</i> Students’ Design of Tasks in School Physics Course as a Means of Acquirement of Methodic Component of Teacher’s Activity.	47
<i>Byelorusov S.G.</i> Using Informational and Communicational Technologies when Training State Authority Specialists within Cooperation with European Partners.	54
<i>Gardner G. GA.</i> The Role of Ukrainian Universities in Creating Technology Incubators.	59
<i>Fedorchenko K.A.</i> Peculiarities of Report Generation in University Informational Management Systems.....	62
<i>Golovin N.B.</i> Contents of Training High-Graded Specialists in Informational Computer Technologies within the Context of Cognitive Processes (Using Programming as an Example).....	66
<i>Yakusevich Y.G.</i> Peculiarities of a Distant Learning Model of an Educational Portal.....	74
<i>Gnedkova O.O., Kozmina A.O.</i> Peculiarities in Teaching Tutors of Distance Learning (on the base of distance learning system “Kherson Virtual University”).	79
<i>Ostrey O.R.</i> Mean of Modeling of the Informative System of Monitoring of Education is the Class Diagram UML.....	85

<i>Osadchiy V.V.</i>	
Improvement of Professional Preparation of Future Teachers by the Computer-Oriented Departmental Teaching.	90
<i>Osadcha K.P.</i>	
Problems of the Use of the Resources Internet in Professional Preparation of Master's Degree.	95
<i>Vasilyeva G.I., Dosenko G.P.</i>	
Informational and Computer Technologies in Education: Ways of Realization.	99
<i>Zaitseva T.V.</i>	
Use of the Educational Portal for Distance Learning.	106
<i>Kislaya I.G.</i>	
Approaches in Forming Informational Competence of Secondary School Teachers.	110
<i>Kruglik V.S.</i>	
Modern Approach to Applications of Information and Communication Technologies in Education.	114
<i>Trofimenko V.I.</i>	
Main Components of a System of Mathematic Training of Future Specialists in Aviation Using Informational and Communicational Technologies.	120
<i>Shishko L.S., Chernenko I.E.</i>	
Methodical Aspects of Realization of a Lesson With the Help of the Pedagogical Software “Algebra, 7 Classes”.	125
<i>Sinko Y.I.</i>	
The Methodical Recommendations of Study of a Theme “Normal Forms for the Formulas of Algebra of the Statements” with use of Integrated Program Environment “MatLog”.	130
<i>Kozlovsky E.O.</i>	
Interactive Training Modules in Distance Learning Systems.	140
Information about authors.	144
Summary.	148
