

## CONTENTS

<i>Ivanitsky A.</i> The Problem Of Creation Of Information And Communication Medium As A Means Of Training Teachers Of Physics .....	9
<i>Kolgatin O.</i> Base Models In Computer-Based Pedagogical Diagnostics System .....	14
<i>Spivakovsky A., Alferova L., Alferov E.</i> Functions And Structure Of The University Complex Mechanism Which Serves Educational Interests .....	21
<i>Timofeev V., Galagan, V.G., Timoshin Y.A., Yurchenko O.V., Yarchenko V.P.</i> Experience Of Using Microsoft Virtualization In IT Environment Of University .....	26
<i>Sharko V., Solodovnik A.</i> Organize Self-Dependent Cognitive Activity Of Pupils On Physics Using Information Technologies .....	31
<i>Yordzhev K.</i> Some Combinatorial Problems On Binary Matrices In Programming Courses .....	39
<i>Biletska G.A.</i> Usage Of Virtual Laboratory Works While Training Professional Ecologists .....	44
<i>Havrylenko O.M.</i> Teaching Information And Communication Technologies Of The Students In Pedagogic High Educational Establishments .....	50
<i>Kozlovskiy E.O., Kravtsov H.M.</i> Objective Model Of Software Structure Of Virtual Laboratory In System The Kherson Virtual University .....	55
<i>Kruglyk V.S., Plechiy O.A.</i> A Concept Of Organisation Of Information System Of Technical Support .....	61
<i>Kuzmich V.I., Kuzmich Y.V.</i> Software Tool For Calculating The Volume Of The Tetrahedron On The Lengths Of Its Edges .....	67
<i>Olefirenko N.</i> Requirements For Didactic Software Aimed At Primary School .....	73
<i>Samchinska Y.B.</i> Integration Of Economic And Computer Skills At Implementation Of Students Project «Business Plan Producing In Microsoft Word» .....	83
<i>Khizhnyak I.</i> The Training Of Future Primary-School Teachers For Application Of Information Communication Technologies At The Language Lessons .....	94
<i>Yakusevich Y.G., Gerganov L.D.</i> Mathematical Model Of Integral Criterion Of Competition Potential Of Maritime-River Higher Educational Establishment .....	101
<i>Azadova E.V.</i> The Use Of Ict In “Discrete Mathematics” Methodical System Of Education For The Formation Of Information Competence .....	112
<i>Voronkin A.</i> Organizing E-Learning Of Physics – Educational Activities In Out-Of-School Hours .....	119
<i>Golovnya O.</i> Virtualization Technologies Systematization .....	127
<i>Goncharenko T.L.</i> Information Technology As A Means Of Increasing Efficiency To The Activity Of A Physics Teacher Of Design Of The Educational Process Ticle .....	134

<i>Grabchak D.</i>	
Educational Web-Quest In New Internet-Education Elective Courses In Physics .....	139
<i>Demianenko V.B.</i>	
Network Electronic Platforms As A Means Information System Of Educational For Pupils Minor Academy Of Sciences Of Ukraine .....	146
<i>Dobroshtan H.</i>	
Theoretical And Practical Aspects Of Introduction Of The Combined Teaching Of Higher Mathematics Are In Higher Educational Marine Establishments.....	152
<i>Kosova K.</i>	
The Components Of Adaptive Learning Environment For Computer-Oriented Lessons .....	159
<i>Kotkova V.</i>	
Content, Methodic And Technical Support To Form Future Primary School Teachers’ Informative Competencies .....	167
<i>Malitskaya I.D.</i>	
Approaches Of European Countries’ Educational Systems Development .....	174
