

## *CONTENTS*

<b>GRID-infrastructure development for providing scientific researches. Infrastructure development of the national scientific and educational telecommunications network (URAN).</b> .....	<b>11</b>
<i>Zgurovsky M.Z., Petrenko A.I., Kyselov G.D.</i> Creation of National Grid infrastructure for scientific research providing. ....	12
<i>Galagan V.G., Dombrougov M.R., Zhuravkov P.O., Timofeyev V.I., Yakimenko Y.I.</i> Deployment of the national research and educational network “URAN” in the frame of the state program “information and communication technology in education and science” for 2006-2010.....	18
<i>Salnikov A.O., Sliusar I.A., Anisimov M.I., Levchenko R.I., Maryanovskiy V.A., Desiatnik N.P., Cheredarchuk A.I., Sudakov O.O., Boyko Y.V.</i> Architecture of WEB-oriented system of virtual laboratories in grid-infrastructure.....	31
<b>Development of software and informational supply for electronic scientific libraries and archives.</b> .....	<b>40</b>
<i>Timofeev V.I., Timoshin U.A., Yarchenko V.P., Shust S.A.</i> Processing and Archiving of Library Content is in Heterogeneous Environment of Institute of Higher Education.....	41
<i>Babenko V., Babina T., Gabzovska O., Savitsky A.</i> Typical Academic Electronic Library Creation.....	49
<i>Savitsky A., Druchenko M., Gabzovska O., Babina T., Volinets V., Babenko V.</i> Typical Academic Electronic Library Creation.....	54
<b>Certification and assessment of software tools and distance learning courses. Development of the informational security system of networks and informational recourses operation.</b> .....	<b>62</b>
<i>Morze N.V., Glazunova E.G.</i> Quality Criteria For E-Learning Courses. ....	63
<i>Beletsky A., Beletsky A.</i> The Symmetrical Block Rsb-32 Encryption Algorithm With Dynamic Encryption Settings. ....	76
<i>Sergeev J.S.</i> Development Of Branch System Of Certification Of Software And Information Means Of Scientific And Educational Purpose.....	89

<b>Distance learning.....</b>	<b>95</b>
<i>Spivakovskyy O.V., Lvov M.S., Kravtsov G.M., Fedorova Y.B., Kushnir N.O., Osipova N.V.</i> Aims and tasks of the project “Formation of bank of electronic documents in distance learning of higher pedagogical education”.....	96
<i>Timchenko A., Trius Y., Oksamytna L., Stecenko I.</i> New approaches to the development of a system of control and evaluation of academic achievements of the High School students.....	111
<i>Lizunov P.P., Teslay J.N., Beloshchitskiy A.A., Shcherbina A.A., Beloshchitska S.V., Mysnik L.D.</i> Organizational Aspects Of System Testing For The Intermediate And Total Control Of Knowledge Of Students.....	124
<i>Lyashenko B.N., Zhukovskiy S.S.</i> Internet-Portal Of Organizational-Methodical Providing Distancionnikh Olympiads On Programirovaniyu.....	134
<i>Katerynychuk I., Kravchuk V., Kulyk V., Rachok R.</i> Intellectual automated systems of evaluation of knowledge’s in high educational institutes.....	139
<i>Kobets V.M.</i> Applying Of Information Technologies To Knowledge Control From Economic Disciplines.....	148
<i>Osipova N.V., Kushnir N.O.</i> Peculiarities of creating of Internet portal of distance learning ECDL for establishments of higher education.....	157
<i>Ryabova N.V., Shevchenko O.Y., Biloivanenko M.V., Golovianko M.V., Voloshyna N.O., Shubkina O.V.</i> Development Of The Common Hardware And Software Architecture For The Distributed Version Of The Ontology-Based Portal.....	164
<i>Bychkov A., Chernii Y.</i> Modern Approach To The Using Of Informations Technologies For Organization Educational Process.....	179
<i>Babenko V., Babina T., Gabzovska O., Savitsky A.</i> Investigation And Analysis Of Higher Education Polytechnical Institute Activities According To Typological Series.....	184
<i>Darchuk N., Aleksiyenko L., Sorokin V.</i> Term in the linguistic information science.....	191
<i>Bychkov A.</i> Remote Implementation Of Laboratory Works - Modern Approach.....	200

<i>Melnik M., Bychkov A.</i> Automation Of University Report Documentation Preparation With Electronic Documents Circulation Elements.....	206
<i>Pichugin M.F., Sashchuk I.M., Pisarchuk O.O., Rakushev M.Y., Kovbasyuk S.V., Gornin M.A., Fedorchuk D.L.</i> Architecture Of The Normative-Legal Information System, Methodological Provision Of Educational And Methodological Work Of The Institution Of Higher Education.....	210
<i>Ovcharuk O.V.</i> Specificities Of Competency Approach Implementation: Ukrainian And European Experience. ....	218
<i>Fedoruk P., Gutsalo O., Maslovskiy S.</i> Standards of import / export of educational material in the distant learning.....	226
<i>Shevchenko V., Gladgov A.</i> Distance Education: problems of theory and contradiction of practice .....	233
<i>Malitskaya I.</i> ICT literacy – the requirement of foreign countries modern education systems (experience of the USA).....	243
<i>Polinovskiy V.V., Gerasymenko V.A.</i> Unified Hardware-Software Complex Of Modern Learning Materials Creation And Collection Automatization.....	250
Information about authors .....	257
Summary .....	270
